The Financial Analyst, Jim Peck, explained a clerical error/discrepancy in the Facility Expenses that will be corrected by the next report. Discussion about teen book area and ordering. Cab explained that adults are also interested in reading books in this area. Continuing education budget discussion--Cathy suggested having on-site training. Cab explained that staff are attending additional trainings. Moving on, Programs spending will increase as summer reading program launches. Utilities is running under budget, likely due to weather and possibly due to HVAC improvements but it’s hard to be sure.
